Broere vs. Ness

Two Candidates For Mayoralty Election Wednesday, Oct. 18

Nomination day last Wednesday saw vacancies on town council and hospital board filled by acclamation, but there will be an election for mayor of the Town of Vulcan.

Adrian Broere, an employee of S & S Concrete Ltd. and formerly employed with the town's public works department, filed nomination papers for the mayoralty and will be opposed by present mayor C. G. Ness. Mr. Broere was an unsuccessful candidate for town council in last year's election. Mr. Ness has been mayor for the past two years and prior to that was a member of town council for nine years.

Elected by acclamation as members of the town council were David Schierman (re-elected) and Mel Jordan, both for three-year terms of office. Councillor George Richardson did not stand for re-election. He had served six years on the town council.

Re-elected by acclamation as representative of the town on the board of the Vulcan Municipal Hospital was B. W. (Bev) Banks, for a term of three years.

Polling for the election of mayor will take place at the town office on Wednesday, Oct. 18, between the hours of 10:00 a.m. and 7:00 p.m. J. Lundy Findlay is returning officer.

Vulcan Elevators Illustrate Story

A picture of a combine in action and Vulcan's big row of grain elevators in the background was used in a recent issue of the Toronto Daily Star to illustrate a story on the "miracle harvest" of 1967.

The copy of the Toronto Star arrived at the Advocate office courtesy of Mrs. Hazel Mainland, who has returned home after spending the summer in Ontario.

JOHN MITCHELL

Vulcan Druggist John Mitchell Dies At Age 77

Well known Vulcan druggist John Mitchell died Wednesday, Sept. 27, 1967, at the age of 77.

Born at Medicine Hat, Mr. Mitchell attended public and high school in that city and was a graduate of the University of Toronto with the degree of Phm.B.

After graduation he worked as a pharmacist in Medicine Hat and Lethbridge and in 1942 bought the D. C. Jones drug store at Vulcan, living here since that time. A member of a ranching family at Medicine Hat, Mr. Mitchell retained a life-long interest in ranching. He was a charter member of the Vulcan Lions Club and served on the Vulcan School Board for several years. Well liked and respected by all who knew him, he was a great booster for civic improvements and will be greatly missed by a wide circle of friends and acquaintances.

Besides his wife, Vera, he is survived by two sons, David and Donald; five grandchildren; one brother, Bryce Mitchell, Vancouver, and one sister, Mrs. Margaret Day, Los Angeles, Calif.

Services were conducted by Rev. W. Dormer at the Vulcan United Church on Saturday, Sept. 30. Active pall bearers were Howard Klippert, Budd Andrews, Charles Andrews, Buford Walker, Charles Fulton and Nelson Jamison. Honorary pall bearers were Clifford McAskile, Robert Munro, Fred Mensinger, Ross Walker, Lundy Findlay and Ron Buehler.

Arrangements were in charge of the Vulcan Funeral Home.

FIRST FROST

That was not dew you scraped off the windshield of your auto Wednesday morning, that was frost. This was the first strong sign of the coming season and temperatures were around the 27 degree mark. Some snow feel in central Alberta, but not here.

Three Fire Calls Last Week; Car Damaged

The Vulcan fire department answered three calls last weekend.

Thursday evening, Leonard Voisey's car caught fire on the road just south of town. Considerable under-the-hood damage was done to the 1966 Toronado before the fire was extinguished. Cause of the blaze has not yet been determined but is thought to have been a broken fuel line.

Friday at 4:30 a.m., the rural fire truck was called out to extinguish a stubble field fire at the Bob Cutler farm near Kirkcaldy. The fire burned to the edge of the road and covered a considerable acreage. The fire is thought to have spread from an adjacent nuisance grounds, where garbage had been burning during the day.

Thought to have been caused by children, a fire last Saturday morning burned four used tractor tires on the lot of Jesse Farm Equipment Ltd. The fire, in the centre of a pile of about 20 of the big tires, was noticed by Max Jesse and at the same time he saw two children climb out of the pile of tires and run away. The fire department was called but use of an extinguisher from the repair shop extinguished the blaze before it could spread.

My wife doesn't care how good-looking my secretary is; just as long as he's efficient!

For Further Education

Winners Of Major County Scholarships Announced

Winners of the major scholarship awards for students of the County of Vulcan schools have been announced by E. F. Bardock, Superintendent of Schools.

The newest awards, those provided for by the Mr. and Mrs. E. R. Finckh Scholarship Fund, have been won by three Vulcan students —Lawrence Mumby, Everett Holski and Alexander Price. The awards are comprised of the annual interest from a $25,000 scholarship fund donated by Mr. and Mrs. Finckh, administered by a County of Vulcan committee. Students eligible for these scholarships are chosen on the basis of need, moral character, sincerity and industry, sportsmanship, citizenship and contribution to school and community life. They must be students of County Central High School who have obtained clear senior matriculation for entrance to university. Under the terms of this scholarship the County of Vulcan Scholarship Committee chooses the two or more students with highest average marks among the students deemed to be eligible. This year eight applications were received and three scholarships awarded.

The Andrew Haworth Scholarship has been awarded to Ronald Svanes of Carmangay. It is comprised of one year's income from a $10,000 trust fund established by the late Mr. Haworth, awarded annually to the Carmangay student receiving the highest marks in the final year of grade 12, including not less than four departmental subjects. The scholarship is to be used for the further academic or vocational training of the student. Candidates must be residents of Carmangay or district and attend the County of Vulcan High School or a high school adjacent to and sanctioned by the County of Vulcan. This year three applications were received for the scholarship.

The Percy Haslam Scholarship committee will meet this week. This scholarship was established as a trust fund under the terms of the will of the late Percy Haslam of the Berrywater district, and the annual income from the fund goes towards the continuation of education or training each year of a student whose parents have taken or are taking an active part in the work of the Berrywater Local of the Farmers Union of Alberta.

CCHS Leads League

Cougars Continue Winning Ways- Defeat Raymond

(By Florence Hubka)

Ideal weather conditions greeted our CCHS Cougars as we traveled to Raymond, Sept. 30, for what should be regarded as a terrific football game. When the final gun sounded our Cougars were on the top end of a 15-12 score, in a closely contested battle.

Our Cougars were met by a much taller Raymond Comet team. Although down in the first quarter we stormed back to take the lead by half time. This was due to great conditioning, marvelous coaching and a determined will to win.

Randy Carruthers and Ken Weber led the way, scoring six points each — Randy scoring on two field goals and Ken scoring on a touchdown. Murray Markert punted for a single while Tom Klippert and Wayne Robinson rounded out the scoring by smearing the opposition for a safety touch. Praise should also be given to our big line of Duane Middleton, Richard Fedaj, Bob Engen and Bruce Carruthers.

The Raymond scoring resulted from two end sweeps — both touchdowns were unconverted.

Congratulations to these two teams for a very fan-pleasing game!

Winning this game places CCHS all alone on top of the Western 8 Tackle Football League.

See you all on Thanksgiving weekend at CCHS at 2:00 p.m. sharp for a game with our Cougars vs Coaldale.

It's That Time Of Year Again . . .

OPENING DAY. The first day of duck season, Sept. 22, held surprises in many forms for hunters in this area. Near gale force winds blew from the north at the early morning hunters and at about 6:00 a.m. a rain squall came in to make life really worth living along the sloughs. In the absence of a dog, one hunter found himself surprised at being almost hip deep retrieving two carelessly dropped ducks. But the biggest surprise came to Vulcan hotelman George Wills, above right, and son Dave, left, who bagged the three geese shown in the photo.

In his business George finds the urge and often the time to get out for a drive in the country during the day and has, in the space of time he's been here, gotten to know this area almost as well as his home tramping grounds around Nanton.

In the week before ducks opened George covered hundreds of miles looking the situation over and came upon a "probable" set-up for geese some distance north. The morning found them in a field along a fenceline, and as happens once to every hunter who lives right, along came the geese, head high and going to land. With no pits or preparation the pair crouched low and let fly when the time came. Dave got his three and George claims he would have done the same except that as he bent over backwards to fire up and over his head he stepped into the fence, almost crippled himself and missed the bird. Holding his five ducks is Bob Redpath of Calgary, a sales traveller through this area and by his own admission, one of the better shots with a 12 gauge.

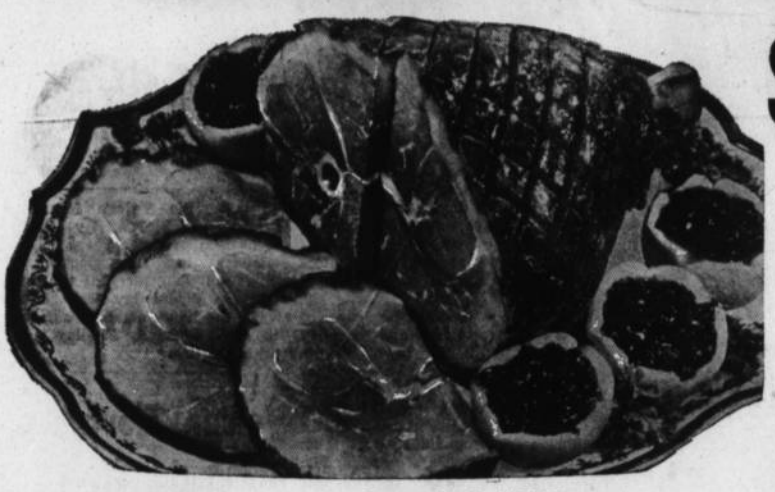

Another hunting tale came to light this week when Charles Boutland and Dave Uhl of the local IGA store put in most of Monday in the outdoors where they got their limit of ducks, and a couple of geese. While along the shores of Lake McGregor Charlie offered Dave a pike dinner and cast in with an old fishing outfit that had a broken reel, used only to snag ducks dropped on water. To Dave's surprise, a five-pounder hooked onto the line and he nonchalantly hand grabbed it in.

Next Monday Is Thanksgiving

Next Monday, Oct. 9, will be observed in Canada as Thanksgiving Day.

Most local business places, other than restaurants, will be closed that day, which is also a school holiday.

ADVANTAGES OF FALL FERTILIZING

Research work carried out to date in Alberta indicates that crops in many areas of the province respond just as well to fall fertilizer applications as they do to spring applications.

A. W. Goettel, head of the Soils Branch of the provincial Plant Industry Division was down here last week. He points out that nitrogen is the predominant plant nutrient that can be applied in the fall. Except on grass-legume and legume stands, phosphate should be applied at seeding time.

Mr. Goettel said that in some instances tests have shown that fall fertilizer applications were somewhat better than spring applications on land which received little moisture the following spring. However, fall fertilizing is not recommended for the brown, dark brown and thin black soil zones where the yearly amount of moisture is usually more limited than it was in other areas, nor for areas where the soil is coarse (sandy) or the topography of the land is very uneven. Under the latter conditions the fertilizer could be lost through leaching and water run off.

If you are going to fall fertilize, Mr. Goettel says the best time to apply the fertilizer is between October 1 and freeze-up. In the case of stubble land, he advises applying the fertilizer before the last fall cultivation. Many farms in Alberta have broadcasting equipment mounted on cultivators and chisel plows for doing this job. This could save one operation, whether in the fall or the spring.

Fertilizer companies usually give substantial discounts on their fall deliveries. Storage costs are eliminated and savings of from $2 to $4 a ton, and even up to $5 a ton on bulk orders, can be realized. Mr. Goettel suggested that farmers consider buying fertilizers in bulk but stresses that, if they are to be stored, it would be wise to invest in proper storage facilities.

Golf Club Plans Season's Final Tourney

The Vulcan Golf Club executive have planned a final wind-up tournament for all ladies and men members on Sunday, Oct. 8, starting at precisely 12 o'clock noon.

This will be a shotgun start, where everyone tees off at the same time from different tee boxes, plays 18 holes and all finish at the same time. So all participants are asked to be at the club at 12 noon, or better still, come early and enjoy the world series on colored television before golfing.

There will be flights for all and prizes in all flights, followed by a free barbecue, compliments of the presidents of the Vulcan ladies and men's golf club. If the weatherman continues to cooperate this could be an excellent tourney to wind up an equally excellent summer of golf.

THE HOMEMAKER

MISS FRANCES ANN CULLEN
District Home Economist
Box 480, Vulcan — Phone 485-2117

Dear Homemakers,

As Thanksgiving time draws near, I am sure that a lot of the menfolk will be going out hunting the game birds of the countryside. With this in mind, I thought that I would pass along information which may help you homemakers with the preparation and cooking of these game birds.

VENTURES WITH GAME BIRDS

Is it recommended to bleed and draw the bird immediately? Yes. Blood clots caused by gunshot or partially digested food in the gullet will cause the flesh to become offflavoured. Rapid cooling is also recommended. If out in the field, break neck, chop off head or severe veins and arteries of birds to drain blood. Knifing the birds is superior to the common old-fashioned way of chopping block method causing killing bruises and poor bleeding. It is legal to remove the head but do not completely clean the game of all identification marks while out in the field. Never pile game birds in the trunk of your car. Spread them out. This permits air to circulate among them and hasten cooling.

WHY MUST THE OIL SAC BE REMOVED?

A triangular piece of flesh at the base of the tail holds the oil sac, and if not preperly removed before cooking, imparts a bitter offflavour to the rest of the fowl.

PRECAUTIONS DURING HOLDING PERIOD, WHEN DECIDING TO FREEZE WILD BIRDS

Precautions should be taken for rapid adequate cooling. This holding period is a most critical one. Birds held for 48 hours at temperatures at high as 37 degrees F., will often develop strong flavors. There is a progressive loss of poultry flavour when birds are held after killing at temperatures above freezing.

WHAT GIVES GAME, ESPECIALLY WILD DUCK, ITS STRONG FLAVOUR?

The strong flavour comes from the oil in the skin which is characteristic of all water birds. This is why some people prefer skinning birds. Birds should be eaten or frozen as fresh as possible as their oily flesh soon becomes rank.

If you are planning to freeze your game, it would be advisable to soak the bird before freezing it.

IS THE WILD GAME FLAVOUR POSSIBLE TO OVERCOME?

The wild flavour may be removed "to some extent" by several methods. One method and the most recommended is to soak the bird in salt and cold water for 10-12 hours or overnight. Baking soda and vinegar solutions have also been used. When roasting, rather than using a bread stuffing, filling the cavity with onions, carrots, apples, potatoes or a combinations of these absorbs some of the wild flavour. These may or may not be served. It is interesting to note that some tatalizing recipes have suggested using wine or sour milk to marinate the bird.

If you are interested in obtaining a booklet on 'Wild Game Cookery,' please call, write or phone this office, as we have some pamphlets on this subject.

Chamber Hosts Local Teachers

Teachers of County Central High School and Hazel Cameron Elementary School were guests at the second annual Meet the Teachers Night last Friday as the Vulcan District Chamber of Commerce issued an informal welcome.

A novel name-identification bingo game helped Chamber and teacher couples meet each other during the early part of the evening and before the midnight supper, the crowd danced to the music of a pick-up group made up of Jack and Frank Thurber, Don Jantzie, Gordon Goldhawk and Peter Pickersgill.

Supper caterers were the Berrywater FWUA and about 117 persons enjoyed turkey and ham plates.

Mrs. Soper was born in Lethbridge but moved to Lomond in her early years. In 1932 she married Joe Soper and they farmed at Lomond until 1953 when they moved to Lethbridge where they have resided ever since. She was a former member of the Lomond Birthday Club and was a past president of the Lomond Home & School Association.

Besides her husband she is survived by one son Stan of Lethbridge; two daughters, Mrs. Jim (Nelda) Wetherelt of Raymond and Mrs. Ed (Evelyn) Wilson of Magrath; one brother, Stan Trew of Lethbridge and eleven grandchildren.

Funeral services for the late Mrs. Soper were held Tuesday, Oct. 3, at the Christensen Chapel with Rev. R. E. Eskdale of the First United Church officiating. Interment was in the Mountain View Cemetery.

BIRTHDAY CLUB

On Wednesday, Sept. 13, the regular meeting was held at the home of Mrs. Elmer Hamm and opened by singing, When The Moon Comes Over The Mountain. Twelve members answered roll call by donating a small prize for a "fish pond."

An outing for the club was again discussed and it was decided to visit Vulcan on the afternoon and evening of Sept. 28. The winter card parties again came up for discussion and it was decided that the club would hold them, but a new committee would be in charge each month so as to not tie down the same group of members all winter. The committee would bring lunch. The first card party was tentatively set for Oct. 21.

Closing song was, Let the Rest of the World Go By. Mrs. Volesky gave an interesting contest which was won by Mary Crawford with consolation going to Doris Carrington. Carolyn Megella won the nickle draw. The hostess and her assistants served a delicious lunch to close a pleasant meeting.

The next meeting will be, held Oct. 11, at the home of Mrs. Frank Megalla in the afternoon.

BLACKIE

The Blackie fire wagon was called Sunday evening to the Wilbur Dudley farm south of Blackie, following a grass fire. Mr. and Mrs. Dudley live in High River and were away at the time. A neighbor noticed the fire in the afternoon and turned in the alarm to the High River fire department which responded to the call. Fire burned around the buildings and into a nearby stubble field. The Blackie unit was called to a grass fire of unknown origin at Riries farm several weeks ago. Fortunately no damage was reported at either fire.

Calling all hunters, fishermen, and everyone who plans to enjoy a holiday in our forest lands this fall. Do be careful with fire. Chaperone your cigarettes and campfires . . . don't let them go out alone. They could start a disastrous forest fire. Each year, forest fires needlessly waste our rich heritage of forest wealth.
